### AND SO IT BEGINS...

The site for the new classroom block and office complex is being prepared. The foundations will be excavated very carefully during the holidays, in an endeavour to keep disruptions as minimal as possible. However, during the actual building phase there will still be dust and noise to contend with in the classrooms closest to the site. Mr Quibell's office and classroom [the old mobile home] has finally gone, along with the carports beside Ken Shuter House. Staff will now have to park in the lower levels and will be getting a lot more exercise than usual!

Mr Quibell has an office-cum-classroom in the conference room off the staff room for the duration and Mrs George has moved to the office next door to the Library.

### AN ENGAGEMENT

Miss Sam Olney, a Natural Sciences teacher at the College, announced her engagement to Mr Matthew Venter on Monday. We wish them much happiness for the future.

### GO SLC RUGBY!

The First Rugby Team took on their counterparts from Northern Academy last Saturday. The boys played one of their most structured and disciplined games of the season, and won convincingly with a score line of 62-0. All three loose-forwards played superbly, but it was Dylan Baptista who earned the man of the match award, with a dominant display of speed and power with ball in hand.

Mr Steven Willson

### HOCKEY RESULTS

The Girls' 2<sup>nd</sup> Hockey Team beat Piet Potgieter High School in the semi-final, 2 - 0. They will play in the finals next term. Well done, girls; good luck in the finals.

### THE COMMUNITY GARDEN PROJECT HAS BEGUN!

(ENVIRONMENT/SERVICE PROJECT)

Our thanks go to Rona and Nile McGaffin for their generous donation of wood for the garden and to Jane Moncreiff and Pom Hutchinson for propagating and donating over 60 cabbage plants. The Grade 8s are encouraged to bring:

- empty milk bottles for seed planters (RE-USE)
- packets of vegetable seeds such as Swiss chard (spinach), onions, cabbage or any others which they will be planting for the garden
