LES STANFORDIANS A PARIS

Over the September holiday 18 Stanfordsians, accompanied by two staff members, made their way north to the French capital. They spent a very successful week there exploring, visiting and touring the wonderful city. The itinerary included all the famous sites such as the Louvre and the Eiffel Tower, and also some less visited areas such as daily markets to get a view of French life.

The majority of the group are members of the French Club and showed off their linguistic skills when ordering in shops and cafes, and the others in the group were art students who could appreciate fully the works we were able to see in Paris' fantastic galleries. All in all, it was another excellent and enjoyable Stanford trip abroad.

EQUESTRIAN RESULTS - JUNIOR FESTIVAL

Two Stanford pupils participated in the Junior Festival during the holidays on 23/24/25 September, competing against some of the top junior riders in the country.

Marelize Vermeulen placed 2nd and 5th on her horse Hip Hobby in the 1.20m classes and now has enough points to compete in the 1.30m classes. Well done, Marelize! A great future lies ahead for this combination.

Mikayla McDonald placed 5th in the 1.30m class on Concede and attempted the 1.35m class, also on Concede. Gi Gi was not placed in the 1.30m classes, but jumped well nonetheless.
