NAUI SCUBA DIVING COURSE

Twelve Stanfordinians successfully completed an Open-water NAUI Diving Course this past weekend at Miracle Waters. Two of them, plus a staff member, completed the Advanced Course over the same period. To complete the scuba course, a student needs 12 hours of lectures, 12 hours of pool sessions and they have to successfully complete 5 qualifying dives at Miracle Waters in Brits. The graduates are then considered competent to engage in open water diving activities without supervision on an international basis. The Advanced graduates are given an opportunity to gain a variety of safety experiences using advanced skills and knowledge under controlled conditions. They have to complete a deep dive, a night dive, a navigation dive, a skills dive and a search and rescue dive.

Seen here in the photos are the Stanfordinians and their instructors.

FUN WITH WORDS.....

To write with a broken pencil is pointless
 The batteries were given out free of charge
 A will is a dead giveaway
 When a clock is hungry it goes back four seconds
 The guy who fell onto an upholstery machine was fully recovered
